RT16/3

Room Thermostat, 16A

Heat / Cool room temperature controller with Universal back plate UK / European fixing specification Large central Control Knob

Features:

- 3 wire thermostat with an accelerator
- Room temperature control of heating, cooling or fan devices
- High amperage ratings
- Fast response operation
- Compact design
- Sensing element liquid filled bellows with anticipator

H	W	D
83mm	83mm	40mm

TECHNICAL DATA	RT16/3
Dimensions	83 x 83 x 40mm
Colour	White
IP Rating	IP20
Switching Differential	+ /- 1°C
Control Temperature	10°C~30°C
Storage Temperature	-20°C~50°C
Current Rating	Heating: 16A (4)
Power Supply	230V AC
